

Employee Referral Program Policy

1. Purpose

Daybreak's Employee Referral Program encourages Breakers to help identify strong, culturally aligned talent from their own networks. Referrals are one of our highest-quality hiring channels, they typically ramp up faster, stay longer, and already understand what it's like to work here. This policy defines who can participate, how referrals are submitted, and how the referral bonus is calculated and paid.

2. Eligibility to Refer

All active breakers in good standing are eligible to submit referrals, with the exclusions listed in Section 6.

- The referred candidate must not already be in Daybreak's active hiring pipeline (sourced, applied, or under consideration) at the time the referral is submitted.
- The employee must submit the referral before the candidate's first interview with the hiring team.
- Referrals must be submitted through the designated referral channel (e.g., People Hub / ATS referral form).

3. Eligible Positions

The referral bonus applies to all open, approved requisitions at Daybreak, across all departments and levels, unless a specific role is explicitly excluded by the Talent team at the time it is posted (for example, executive-search roles staffed through a retained search firm).

4. Referral Bonus Structure

The referral bonus is paid in two parts, rewarding both a successful hire and the hire's retention:

Milestone	Amount	Trigger
Effective referral	50% of the total bonus (USD 500 to USD 2,000)	Paid when the referred candidate is hired and starts employment at Daybreak.
Retention milestone	50% of the total bonus (USD 500 to USD 2,000)	Paid when the referred hire completes 6 months of active employment at Daybreak.
Total potential payout	USD 1,000 up to USD 4,000, depending on seniority and location	Per successful, retained referral.

The total bonus ranges from USD 1,000 up to USD 4,000 per successful referral, depending on the seniority and location of the role. People confirms the applicable amount for each open role. Half of the bonus is paid as soon as the referred candidate is hired and starts, and the other half is paid once the referred hire has completed 6 months of employment.

5. How to Submit a Referral

- Submit the candidate's name, resume/LinkedIn profile, contact number or email, and the open role through the referral channel.
- Talent Acquisition confirms receipt and reviews the candidate against the role's requirements.
- The referring employee is kept informed of major pipeline updates (e.g., moved to interview, offer extended, hired).

6. Exclusions

The following are not eligible to receive a referral bonus for a given requisition:

- The hiring manager for the specific open role.
- Leadership team members (Director level and above).
- Rehires of former Daybreak employees who were previously employed in the same or a substantially similar role, unless approved in advance by People.

7. Payment Process & Timing

- The first half (50%) of the referral bonus is processed in the payroll cycle following the referred hire's start date.
- The second half (50%) of the referral bonus is processed in the payroll cycle following the referred hire's 6-month work anniversary, provided the referred hire is still actively employed at that time.
- Payments are made through standard payroll and are subject to applicable local tax withholding.

8. Other Considerations

- If a referred candidate is hired into a different role than originally referred for, the bonus still applies, at People's discretion.
- If more than one employee refers to the same candidate, the bonus is paid to the employee whose referral was submitted first.
- Daybreak reserves the right to modify, pause, or end this program at any time, with notice to all employees.

9. Ownership & Questions

This policy is owned by the People team. Questions about eligibility, submission, or payment status should be directed to People.
